

Mid York Invites You...

To become a member of the Mid York Medical Accounts Management Association.

Mid York's primary purpose is to increase Knowledge, stimulate and encourage an exchange of information among its members for development and improvement of ideas and performance in the medical management industry.

Mid York was founded in 1969, formed by a five-county hospital credit association in the Utica area, Oneida, Herkimer, Madison, Chenango and Otsego. It was organized to provide an exchange of information among credit managers. The Mid York Credit Association was later changed to its present "Mid York Medical Accounts Management", a nonprofit organization with a current mailing list of more than 400.

AAHAM is...

Mid York is an affiliate of the American Association of Healthcare Administrative Management. Like Mid York, AAHAM's main purpose is education, sharing ideas for improved policies and procedures, communicate our concerns and see solutions. Members benefit from AAHAM's recognition as a nationally accredited, nonprofit association.

Our Objectives...

To foster and increase knowledge of and proficiency in financial management.

To stimulate and encourage the exchange of information among members and associates.

To develop and implement such programs as may add to the knowledge and encourage the development of persons new to hospitals and other health care facilities.

To bring about closer cooperation among individuals of varying disciplines in medical accounts management.

To establish standards of performance for persons who participate or are involved in the patient account management of any health care facility.

To promote the establishment of effective credit and collection policies and programs in health care facilities.

To cooperate with other health care organizations, institutions, and other related agencies.

Individual members will have a more effective voice in dealing with all elements that present a problem to one or more members.

Education...

Mid York offers monthly seminars and an institute once a year for furthering education and exchanging information for its members and guests in the field of health care organizations, institutions, and other related agencies.

Mid York's first institute was held November 20, 1969 in New Hartford, New York. This was the first of its kind to be held in Central New York.

This institute gave the delegates the opportunity to become involved with credit policies of other hospital organizations.
